Mobile Light Vehicle and Equipment Washing: Allowable Locations

Light Vehicle and Equipment Washes are regulated facilities governed under Arizona Administrative Code R18-9-D303.

A.A.C. R18-9-D03 is prescriptive rule containing specific Aquifer Protection Permitting, design, installation, testing, operational, and record keeping requirements. Therefore, Freeport-McMoRan Safford Inc. only allows mobile light vehicles and equipment washing at the following four locations:

Heavy-Duty Truck Shop at Site 1

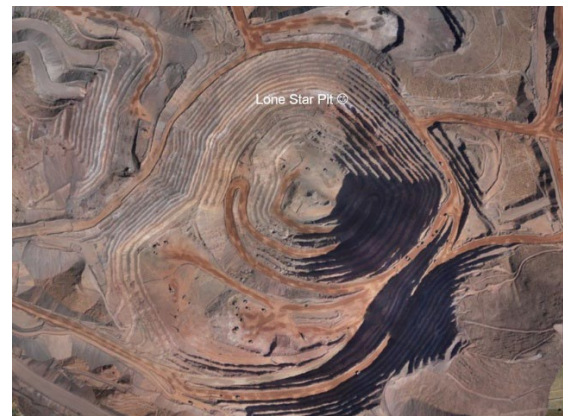

Safford Mine Wheel Wash

Lone Star Leach Pad "Skid Yard"

Lone Star Pit*

* Use of the Lone Star Pit as a wash rack requires prior approval from Environmental Services. See Environmental BMP No. 203 and No. 901 for additional information.

**When unsure of what to do, contact Environmental Services
(Top Floor of the Administration Building at Site 2)**
