

ENVIROGRAM

Waste Management

If it can be recycled, don't throw it away!

What does Morenci Recycle?

- HDPE/LDPE
- Cardboard
- Lead Flake
- Paper/Magazines
- Aluminum
- Spent Lead Anodes
- Wood
- Used Grease / Oil / Antifreeze
- Scrap Metal – including welding rods
- Batteries
- Scrap Conveyor Belt
- E-Waste

Used Battery Management (BMP 326)

- Used batteries collection containers are located throughout the property.
- Oversized batteries must be stored in an enclosed area – not outside on a pallet.
- Used lead acid batteries that are not accepted at the on-site supplier must be taken to the Environmental Yard.

Used Oil Management (BMP 310)

- Do label container as "Used Oil".
- Do not allow liquids to pool on top of container.
- Do keep container closed when not in use
- Do not mix other materials with used oil.
- Do store container up off the ground with secondary containment.
- Do not pour used oil down the drains.
